

## Where Should I be in my Biliteracy Journey?

In Teaching for Biliteracy we have often said that a teacher should be fully implementing the Biliteracy strategies in 3 years. Therefore, we are breaking the main strategies into yearly categories to make this more visual. If I were a principal, these would be the minimum strategies I would expect to see in each year after initial Simultaneous Biliteracy training. As you can see, full implementation by the end of year three.
